

Manchester City Hospitality 2019/20 *The Tunnel Club*

Pep Guardiola's Manchester City once again lifted the cup in the 2018/19 campaign one year after becoming the first team in English football to reach 100 points in the league. The Etihad Stadium became a fortress, and Man City trounced many who came before them. Guardiola will be looking for much of the same for the 2019/20 season.

The Tunnel Club delivers the most immersive experience in football, so you can get closer to the action than ever before. Watch the players arrive at the stadium from the comfort of the Tunnel Club lounge. From this stunning setting, enjoy the panoramic views across the stadium and feel the matchday atmosphere build ahead of the game.
