

## Goodwood Revival Festival Hospitality Salvadori Pavilions *Goodwood Motor Circuit*

There is no better way to experience the Goodwood Revival Festival than a Salvadori Pavilions hospitality package. One of our clients favourite hospitality options at the wonderful festival.

Named after multiple Goodwood winner Roy Salvadori – the pavilions are located on the Paddock side of the circuit overlooking the chicane which offers fantastic views of the cars coming out of Woodcote, through the chicane and onto the final straight.

The Art Deco-styled pavilions benefit from a covered decked balcony and access to a lawn that sits between them and the track. They are also air conditioned and have plasma screens so you and your guests can watch the racing in this prestigious environment in total comfort
